

The beauty of choice.

TECHNICAL DATA SHEET : SAND TILE

Elevate your interior with our high-performance acoustic wall panel, crafted from 100% recycled PET (Polyethylene Terephthalate) material. These lightweight yet durable panels are engineered to absorb sound and reduce noise pollution, creating a more comfortable and productive environment. Whether for commercial or residential spaces, these panels provide superior noise control while being environmentally conscious. Easy to clean and maintain, they are available in multiple sizes and designs to match any decor, offering a blend of practicality and eco-friendly innovation.
